SUMMARY

Dedicated Web Developer with experience since 2022, specializing in building efficient applications and delivering quality results. Proficient in MS SQL Server, Java, and JavaScript, with expertise in database operations, frontend design, and debugging. Skilled in meeting deadlines, collaborating with teams, and adapting functionality to project needs while expanding technical skills

WORK EXPERIENCE

Sep 2022 – Present
Tirunelveli

Developer
SATHI SYSTEMS PVT LTD (Japanese Based)

- Delivered projects 20% ahead of deadlines, boosting client satisfaction.
- Built and optimized websites, tested functionality, and resolved issues.
- Proficient in MS SQL Server operations and stored procedure development.
- Skilled in Java, JavaScript, and end-to-end application flow management.
- Gained hands-on experience in Spring Boot, frontend design, and debugging.

PROJECTS

May 2025 – Present

NOVA

- **Project Overview:** NOVA is a school management system currently undergoing a migration process. The project involves transforming the existing application from JSP (JavaServer Pages) to Next.js on the frontend, and from Struts to Spring Boot on the backend.
- **Responsibilities:** Migrating legacy JSP pages to modern, responsive Next.js components. Refactoring backend logic from Struts framework to Spring Boot.

Dec 2023 – May 2025

X-PAYMENT

- **Project Overview:** Developed for a newspaper-based company, X-PAYMENT is an order approval system focused on product payments. It uses HTML and JavaScript for the frontend, "**Maat**" as the backend language by **Val Laboratory Corporation**, and MS SQL Server for database management.
- **Database Expertise**: Gained extensive experience with MS SQL Server, performing operations like SELECT, INSERT, DELETE, and utilizing subqueries. Created and modified stored procedures to handle calculations and various processing tasks.
- **Frontend Development**: Responsible for implementing and refining JavaScript code on the frontend, aligning with project specifications and Team Leader guidance.

Jun 2023 – Nov 2023

REXXASS - SUNREX

- **Project Overview**: Focused on order, shipment, and payment management, SUNREX utilized JSP for the frontend, Spring Boot for the backend, and Oracle for database management.
- **Responsibilities**: Developed, created, and modified screens based on project specifications and guidance from the Team Leader.

- **Skills Gained**: Enhanced knowledge of Spring Boot and database querying, overcoming challenges in screen logic and optimizing designs for simplicity.

Feb 2023 – Mar 2023 **WATERLINKS**

- **Project Overview**: WATERLINKS is a water bill management system covering both drinking and drainage water, using React.js for the frontend, Spring Boot for the backend, and MySQL for database management.
- **Frontend Development**: Created new screen designs with React and gained foundational knowledge of the framework.
- **Database & Migration Tasks**: Modified queries as per specifications and Team Leader instructions and successfully migrated a screen from JavaScript to React JS.

TECHNICAL EXPERTISE

- Proficient in troubleshooting technical issues, identifying and resolving bugs to ensure smooth application performance.
- Skilled in updating screen designs and modifying functionalities to meet project requirements and enhance user experience.

EDUCATION

2022 – 2024 **Bachelor of Computer Applications**
Alagapa University

2016 – 2018 **Diploma in Electrical and Electronics Engineering**
Jayaraj Annapackiam CSI Polytechnic College

2025 – Present **Master of Computer Applications**
Alagapa University

ADDITIONAL INFORMATION

Technical Skills : JAVA, Javascript, MS SQL Server, Spring Boot
Languages : English, Japanese, Tamil
Certifications : JLPT N4

SKILL BUILDING AND CAREER TRANSITION

- Gained practical experience as a Government Apprentice at Ashok Leyland (September 2018– September 2019) in Hosur.
- Worked part-time as a 3D Exhibition System Operator (November 2019 – January 2020).
- Worked as a Store Keeper Assistant at Southern Petrochemical Industries Corporation (SPIC) (March 2020 – September 2021) in Tuticorin.
- Studied the Japanese language (N5-N4) at Sathish Japanese Language Academy (October 2021 – August 2022) in Tirunelveli.

TOOLS

- Visual Studio Code
- MS SQL Server Management Studio
- Intelij
- A5 SQL
- Microsoft Excel
- Tibero
